5.3 Analysis

The Department of Electronics and communication Engineering organised a Parent-teacher meeting on 30-7-22 at 10.30 am. The main purpose of meet was to create a common platform, where teacher and parents come together to enrich the student's educational experiences and discuss variety of issues, regarding all round development of students. Invitations were sent to the parents of 2ndSem and 4thSem through whatappSMS and Personal call.

The agenda of the Parent Teachers meeting were follows as,

1. Welcome and Introduction of teachers .
2. About the department
- 3 Facilities provided for students in the department
- 4 Discussions with Faculty Members

Commencement of parent teacher meeting at the Department at 10.30am All Parents are requested to come and meet the Teachers of their wards and discuss about their progress. Parent teacher meeting is a prominent and notable feature of the curriculum. The purpose of parents and teachers meeting is to work closely together to discuss the growth of their wards and identify solutions to issues that are impeding that development.

The meeting was organised under guidance of Dr Rajeswari Prof and HOD department of ECE and by Prof Nagapushpa K.P. Welcome address and introductory speech was proposed by Mrs Deepti Faculty Department of ECE and then all faculty members were introduced to the parents.

Head of the Department Dr.Rajeswari took over the session and gave a brief about our department. She gave a picture of the total strength of the students, faculty and supporting staff in the department.

1. She informed to the parents about the discipline to be imbibed in the students and the measures taken by the faculty to groom the students such as correcting their attitude, punctuality etc...
2. She spoke about the proctorial system and how parents can know the students' performance in the college by interacting with the Proctors.
3. She emphasized in large about the general grooming and knowledge to be developed by the students, they ought to learn to handle the situation independently. Students of 2nd and 4th semester are also encouraged to do the projects and as a result they have done small innovative projects.

What are the modifications/course inclusions (core and elective courses) you suggest to meet Industry requirements?

21 responses

No

Nothing

Technical courses are essential for employees in the industry. These courses should be updated regularly to incorporate the latest technological advancements. Some examples of technical courses include Good Manufacturing Practice (GMP), Quality Control (QC), Quality Assurance (QA), Process Validation, and Statistical Process Control (SPC).

Add forensic subject

Na

Placement training

Syllabus should focus on specific subjects rather than overall subjects

More internships

Yes

Improve more experimental work

We could use more of practical sessions along with theory classes to make it more interactive

Could incorporate more practical skills development

Include Forensic as a subject, help in resume making

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING
BANGALORE-107

Online Parent Teachers Meeting

The Department of Electronics and communication Engineering organised a Parent-teacher online meeting from 9-6-20 to 12-6-20. The main purpose of meeting to collect their opinion regarding

- Probable date of reopening of college on which they are willing to send their ward to the College. (Kindly make a note that the University will take a call regarding this based on instructions from GOI. However, the University wants to feel the pulse of students and their parents.)
- The University is waiting for the instructions from the Government to reopen the College. The VTU will give sufficient time for students to reach college, then hold refresher courses as per requirement, complete the project work and then hold exams. However, if in case of inevitable situations, and if it becomes necessary to hold online exams (keeping in mind of their future), are they equipped to face online exams.
- Evaluation process of CIE, assignments, internship and Project during lock down period.
- Opinion of placing industries on conduction of examination and reopening of college
- Also, a google form has been circulated among all their respective students (of all running semesters) to know from them, for which courses, they need refresher classes, once the college resumes.
