CURRICULUM FEEDBACK FORM- STUDENTS for AY 2023-24

The feedback on curriculum is taken from student's for every academic session for continuous improvement in curriculum design. The main purpose of this feedback is to collect the perceptions of students for the effectiveness of the curriculum and to fill the gap in the existing curriculum in order to meet the requirement of Employer's such as Engineering Industries, research and higher education institutions.

The collective feedback data is analyzed and a consolidated report of the recommendations will be communicated to principal and academic council for possible incorporation in the curriculum.

We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form.

Acharya Institute of Technology- Faculty's Feedback on Curriculum 2023-2024

Internal feedback systems are important for the growth of every entity and as Higher Education Institutions are gradually defining new routes for greater accountability and teaching effectiveness, feedback systems provide some answers to improvement in educational outcomes. The feedback system would ensure that information regarding the performance of the various key stakeholders in the institution have adequate information to help them improve upon performance.

Acharya Institute of Technology- Faculty's Feedback on Curriculum 2023-2024

Internal feedback systems are important for the growth of every entity and as Higher Education Institutions are gradually defining new routes for greater accountability and teaching effectiveness, feedback systems provide some answers to improvement in educational outcomes. The feedback system would ensure that information regarding the performance of the various key stakeholders in the institution have adequate information to help them improve upon performance.

The respondent's email (sibinraj@acharya.ac.in) was recorded on submission of this form.

CURRICULUM FEEDBACK BY FACULTY for AY 2023-2024

The feedback on curriculum is taken from Faculty's for every academic session for continuous improvement in curriculum design. The main purpose of this feedback is to collect the perceptions of faculty's for the effectiveness of the curriculum and to fill the gap in the existing curriculum in order to meet the requirement of Employer's such as Engineering Industries, research and higher education institutions.

The collective feedback data is analyzed and a consolidated report of the recommendations will be communicated to principal and academic council for possible incorporation in the curriculum.

We shall very much appreciate and be grateful to you if you can spare some of your valuable time to fill up this feedback form.

Student Performance	Few students didn't bring photo for the interview. They need to be more serious about the process. Few students were technically OK.
	Seems fine. Better interview & GD rooms would have been good to have. Faced some challenges during online tests.
	Good. Students were able to answer theoretical questions well. A bit more practical know-how would surely help.

Your suggestions

Your specific suggestions on how the college could develop into a global institution	1 Make students identify area of interest & focus on that
	2 Better adherence to recruitment process from students
	3 Encourage students to do more practical works

Your help to strengthen the College

How will you help strengthen us become a Global institution	1 Provide Internships to students with a attitude to learn
	2 Session on overview of embedded system

Department of Mechatronics Exit Survey 2023-2024

Exit Survey 2023-2024

Dear students,

We are glad that you have spent your four valuable years with us. We would like to place on record that your cooperation and support has contributed in no small measure for the achievements and developments of the department.

We shall very much appreciate and be thankful if you can spare few minutes of your valuable time to fill up the Exit Survey form and give us your valuable suggestions for further improvement of the department.
