NOTIFICATION

Subject: Tentative Academic Calendar of 1st semesters of B.E./B.Tech./B.Arch./B.Plan., and VII semester of B.E./B.Tech., programs of University regarding..

Reference: Dean faculty of Engineering, VTU Belagavi approval dated 24.08.2023
Hon'ble Vice-Chancellor's approval dated: 24.08.2023

The tentative academic calendar concerned to 1st semesters of B.E./B.Tech./B.Arch./B.Plan., and VII semester of B.E./B.Tech., programs of University for academic year 2023-24 are hereby notified as mentioned below;

	1 semester B.E./B.Tech. (2022 scheme)	1 semester B.Plan./B.Arch. (2022 scheme)	VII semester B.E./B.Tech. (2018 scheme)
Commencement of the Semester	04.09.2023	04.09.2023	14.08.2023
# Internship/Students Induction Program	04.09.2023 To 14.09.2023	04.09.2023 To 14.09.2023	14.08.2023 To 09.09.2023
Commencement of Classes	15.09.2023	15.09.2023	11.09.2023
Last Working day of the Semester	06.01.2024	06.01.2024	06.01.2024
Practical Examination	08.01.2024 To 19.01.2024	08.01.2024 To 19.01.2024	08.01.2024 To 19.01.2024
Theory Examinations	22.01.2024 To 17.02.2024	22.01.2024 To 17.02.2024	22.01.2024 To 09.02.2024
Commencement of NEXT Semester	19.02.2024	19.02.2024	13.02.2024

* Internship for VI semester completed students and Students Induction Program for 1st semester Students

Please Note:

- The academic sessions for ODD semesters should commence on the date mentioned above.

**** Induction Program** shall be conducted for 11 days at the beginning of 1st semester and 10 days at the beginning of the 2nd semester. During the induction program, college has to brief about the new curriculum that implemented from the academic year 2022-23.

- If required, the college can plan to have extra classes on 1st and 3rd Saturday and Sundays to complete academic activities within the duration mentioned.
- The faculty/staff shall be available to undertake any work assigned by the university.
- Notification regarding the Calendar of Events relating to the conduct of University Examinations will be issued by the Registrar (Evaluation) from time to time.
- Academic Calendar may be modified based on guidelines/directions issued in the future by UGC/AICTE/State Government.
- Academic Calendar is also applicable for Autonomous Colleges. If any changes are to be effected by Autonomous Colleges in the academic terms and examination schedule, they could do so with the approval of the University.
- The circular related to AICTE Activity point will be issued by the Registrar's office separately.
- If any suggestions/clarification/correction, please email to shhvtuso@yahoo.com

The Principals of Affiliated, Constituent and Autonomous Engineering Colleges, Chairpersons of the University departments are hereby informed to bring the academic calendar to the notice of all concerned.

REF: VTU/BGM/ACA/BoS/2023/ 1335

DATE: 13 JUN 2023

REVISED CIRCULAR

Subject: CIE and SEE evaluations for 2022 scheme engineering programs regarding...

- Reference:**
1. JBOS 10.02.2023 and 171st EC meeting Proceeding no. 2.2.1
 2. dated: 23.02.2023
 3. VTU/BGM /ACA /BoS /2023 / 7350, dated 16.03.2023
 4. VTU/ BGM /ACA/ BoS /2023 / 661, dated 02.05.2023,
 5. Dean Sir approval vide email dated: 07.06.2023
 6. The Hon'ble Vice-Chancellor's approval Dated: 07.06.2023

The evaluation (CIE+SEE) details for the 2022 scheme of study and examinations for all undergraduate engineering programs were notified by the circular VTU/BGM/ACA/BoS/2023/7350, dated 16.03.2023, and is only valid for the first semester.

The Regulations governing the award of B.E./B. Tech degrees were finalized and approved in Resolution No. 2.2.1 of the 171st EC meeting. The same was notified vide notification VTU /BGM /ACA/ BoS/ 2023/661, dated 02.05.2023. Therefore the evaluation procedures outlined in the circular VTU/BGM/ACA/BoS/2023/7350, dated 16.03.2023, and are no longer valid. All university stakeholders are advised to adopt the CIE+SEE as specified in the Regulations governing the issuance of B.E./B.Tech., Degrees for Scheme 2022.

Please note;

The weightage of Continuous Internal Evaluation (CIE) is 50% and for Semester End Exam (SEE) is 50%. The minimum passing mark for the CIE is 40% of the maximum marks (20 marks out of 50) and for the SEE minimum passing mark is 35% of the maximum marks (18 out of 50 marks). The student is declared as a pass in the course if he/she secures a minimum of 40% (40 marks out of 100) in the sum total of the CIE (Continuous Internal Evaluation) and SEE (Semester End Examination) taken together.

1/3

To put it simply, evaluation techniques/methods are listed in the table for further understanding.

Course with Credits	Evaluation Type	Maximum Marks	Minimum Passing Marks	Evaluation Details
04 Credit IPCC	Total CIE theory + practical	50	20	
	CIE – IA Tests	15	6	Average of Two Internal Assessment Tests each of 25 marks, scale down the marks scored to 15 marks
	CIE – CCAs	10	4	Any two Assessment methods as per clause 22OB4.2 of Regulations (if assessment is project based, then one assessment method may be adopted)
	Total CIE Theory	25	10	Scale down marks of tests and assignments to 25
	CIE Practical	15	06	Conduction of experiments and Preparation of Laboratory records etc
	CIE Practical Test	10	04	One test after all experiment's conduction for 50 marks
	Total CIE Practical	25	10	Scale down marks of Expts. record and test to 25
	SEE	50	18	SEE exam is a theory exam, conducted for 100 marks, scored marks are scaled down to 50 marks
	CIE+SEE	100	40	
	The minimum marks to be secured in CIE to appear for SEE shall be 10 (40% of maximum marks-25) in the theory component and 10 (40% of maximum marks -25) in the practical component. The laboratory component of the IPCC shall be for CIE only. However, in SEE, the questions from the laboratory component shall be included in their respective modules only.			
03 and 02 Credit Courses	CIE – IA Tests	25	10	Average of Two Internal Assessment Tests each of 25 marks
	CIE – CCAs	25	10	Any two Assessment methods as per clause 22OB4.2 of Regulations (*if it is project based, one assignment shall be given)
	SEE	50	18	SEE exam is a theory exam, conducted for 100 marks, scored marks are scaled down to 50 marks.
	CIE+SEE	100	40	
Note: A few of the courses of 03 credits are Integrated Course type, for such courses the method suggested for 04 credits IPCC shall be followed.				
01 Credit Course	CIE – IA Tests	25	10	Average Of Two Internal Assessment Tests each of 25 marks
	CIE – CCAs	25	10	Any two Assessment method as per clause 22OB4.2 of Regulations
	SEE (MCQ Type)	50	18	MCQ-type question papers of 50 questions with each question of 01 mark, examination duration is 01 hour
	CIE+SEE	100	40	

The recommended evaluations are meant to get students involved in all forms of assessment and improve their SEE performance.

All the Principals of the Engineering Colleges/Chairpersons of the University departments are hereby informed to bring the content of this Notification to the notice of all concerned.

DISSEMINATION OF ASSESSMENT AND EVALUATION GUIDELINES DURING 1ST YEAR ORIENTATION PROGRAM

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi,
Approved by AICTE, New Delhi, Recognized by Govt. of Karnataka and
Accredited by NBA (AE, BT, CSE, ECE, ME, MT)

Dissemination of assessment and evaluation guidelines during 1st year orientation program.

Preamble to Student Induction Program

When a student graduates, he or she must have knowledge and competencies in the field of study. However, student also needs a wide understanding of society and interpersonal relationships. For him to comprehend and fulfil his responsibilities as an engineer, a citizen, and a human being, he must develop his character. Aside from the aforementioned, there are a few meta-skills and underlying ideals that must be possessed.

As per university communication, we at Acharya Institute of Technology started the student induction program along with regular academics from 11th September to 16th September 2023. Around 700 students attended the induction program.

The objectives of a student induction program are

To ensure a smooth transition for new students into an educational institution and to help them acclimate to the academic, social, and cultural aspects of their new environment.

List of sessions and points discussed during interaction.

1. Welcome and Integration:

- To provide a warm and welcoming environment for new students, making them feel included and part of the academic community.
- To foster a sense of belonging and connection with the institution and its values.

2. Orientation to the Institution:

- To familiarize students with the physical layout of the campus, including key buildings, facilities, and services.
- To introduce students to the institutional culture, policies, and academic expectations.

Soladevanahalli, Hesaraghatta Main Road, ACHIT Nagar post, Bangalore-560107, Karnataka, India

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi,
Approved by AICTE, New Delhi, Recognized by Govt. of Karnataka and
Accredited by NBA (AE, BT, CSE, ECE, ME, MT)

3.Information Dissemination:

- To provide essential information about academic programs, courses, and degree requirements.
- To communicate administrative details, such as registration processes, important deadlines, and campus resources.

4.Introduction to Support Services:

- To inform students about available support services, such as academic advising, counseling, career services, and student organizations.
- To guide students on how to access and utilize support services throughout their academic journey.

5.Academic Preparedness:

- To prepare students for the academic challenges they may face, including study skills, time management, and effective learning strategies.
- To familiarize students with the expectations of their chosen academic programs and the resources available to help them succeed.

6.Social Integration:

- To facilitate social interactions among new students through icebreaker activities, group discussions, and team-building exercises.
- To encourage networking among students, faculty, and staff to build a supportive community.

7.Introduction to Campus Life:

- To expose students to extracurricular activities, clubs, and events on campus.
- To provide information about recreational facilities, student housing, and other aspects of campus life.

8. Safety and Well-being:

- To educate students on campus safety procedures, emergency protocols, and available health services.
- To promote a culture of well-being and self-care among students.

9. Orientation to Diversity and Inclusion:

- To promote awareness and understanding of the diverse backgrounds and perspectives within the student body.
- To encourage a culture of inclusivity and respect for differences.

10. Academics and promotions norms

- Overview and Definitions
- Programs Offered and Durations
- Curriculum Framework and Academic Processes
- Attendance criteria and Eligibility
- Assessment and Evaluation guidelines
- Maximum Duration for Programme Completion
- Grading and Vertical Progression
- Eligibility for Award of Degree, Prizes, Medals, and Ranks

11. Examination procedure and norms

- Procedure to fill the online exam application form
- Collection of Admission ticket
- Do's and Don'ts in VTU examinations
- Procedure to apply for revaluation/Photocopy

12. Career Services and Guidance

- Language Training

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi,
Approved by AICTE, New Delhi, Recognized by Govt. of Karnataka and
Accredited by NBA (AE, BT, CSE, ECE, ME, MT)

- Skill and Domain Training
- Internship and Industrial Training and carrier Development

13. Assessment, Training and Placements

- Pre-assessment
- Training
- Post assessment
- Super-100

14. Institutional Policies and norms

- IT Policy
- General Access Policies
- Code of Conduct
- Dress Code
- Anti-Bullying Policy
- Zero Tolerance Policy
- Grievance Redressal Mechanisms

PROCESS DOCUMENT FOR CONTINUOUS INTERNAL ASSESSMENT AT ACHARYA INSTITUTE OF TECHNOLOGY

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi, Govt. of Karnataka.

Approved by AICTE, New Delhi and Accredited by NBA & NAAC

Internal Quality Assurance Cell (IQAC)

SOP for Continuous Internal Evaluation (CIE)

Mechanism of CIE is transparent and robust in terms of frequency and mode. The process of Internal Assessment conduction is well defined and documented based on different schemes of VTU.

Objective

To ensure uniformity in awarding the internal marks throughout the institute. To provide step by step solution in the process of internal assessment. To ensure transparency in awarding internal marks to students. To ensure strict adherence to scheme of continuous assessment as laid down by university.

Scope of the SOP

This policy is applicable to all faculty of the institute unless specified. This policy will be implemented to all students admitted to the program affiliated to university.

Responsibility

Dean Academics

- Responsible for coordination and overseeing the internal assessment with department IA coordinator.
- Responsible for coordination with various departments for uploading the IA marks on AIT ERP.

Department IA Coordinator

- Responsible for providing documents (not limited to the following: question papers, invigilator list, seating arrangement etc.,)
- Responsible for implementing the Internal assessment SOP as guided by the dean academics.

The standard operating process for conduction of internal assessment (IA) and Continuous Internal Assessment (CIE) is stated below.

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi, Govt. of Karnataka.

Approved by AICTE, New Delhi and Accredited by NBA & NAAC

Internal Quality Assurance Cell (IQAC)

2017/2018 scheme of VTU under CBCS

The Department conducts three internal assessment tests at approximately 6th, 12th and 14th week respectively for **17 scheme and 18 schemes of VTU under CBCS**.

1. In **17 scheme and 18 schemes of VTU under CBCS**, the weightage on Continuous Internal Evaluation (CIE) and Semester End Exams (SEE) is assigned as **40:60 ratios**. The CIE is to be evaluated for 40 marks, in which CIE internal assessment (IA) carries 30 marks and the remaining 10 marks will be awarded based on other parameters like assignments, quizzes, class tests etc. as stipulated by VTU Regulation 180B8.2.
2. In a semester, three IA i.e. IA-1, IA-2 and IA-3 will be conducted for 50 marks each and average of three IA will be reduced to 30 marks to consider it as final CIE component.
3. The schedule of internal assessment (IA) will be communicated by the Dean academics at the start of the semester in the AIT academic calendar of events (COE). Academic schedule is subjected to revision based on the communication from university. Academic schedule must be strictly followed without missing deadline.
4. The portions/syllabus to be covered will be decided at the beginning of the semester for the First test, and similarly the portion for the Second and Third Internal tests soon after the completion of IA-1 and IA-2 respectively.
5. Process for setting/selection of the question paper:
 - I. For each IA, question papers shall be set for each course by the respective course teacher(s)/coordinator along with scheme of evaluation and solution.
 - II. Once the question paper is prepared, the head of the department or his designated module coordinator will scrutinize the question paper for mapping of Course outcome level, Blooms taxonomy action verbs, grammatical errors, clarity of questions, typeset of questions, feasibility of completing the said question paper within stipulated time etc.,
 - III. Quality of question paper will be ensured by HOD and module coordinator. After the approval from module coordinator/HOD question paper is handed over to Test coordinator for printing
6. Student Seating plan/arrangement is followed even for internal assessment tests and it is displayed on the notice board along with the internal assessment time table.

7. A squad consisting of HoDs/senior faculty members of the departments is constituted for smooth conduct of internal examinations.
8. Principal or dean academics has the right to decide on issues arising at the time of IA test conduction.
9. After the IA, the course coordinator shall discuss the IA QP along with scheme and solution in the class. Also scheme and solution are shared with students.
10. The evaluated blue books shall be made available to students to enable students to gauge their performance in the test.
11. If there is a grievance from the student with regard to the marks awarded, the HOD can get it verified/valued by the second/subject expert to guarantee the justice. A final mark of each test is finally entered to AIT-ERP for further needful.
12. Within one week of completion of IA, the department IA Coordinator has to submit the IA marks to hod.
13. The Final CIE marks (IA+ Assignment) uploaded to university web portal.

2021 scheme of VTU under CBCS

1. In 2021 schemes of VTU under CBCS, the weightage on Continuous Internal Evaluation (CIE) and Semester End Exams (SEE) is assigned as **50:50 ratios**. The CIE is to be evaluated for 50 marks, in which IA carries 20 marks and the remaining 30 marks will be awarded based on other parameters like assignments, quizzes, class tests etc as stipulated by VTU Regulation 180B8.2.
2. There are different courses in 2021 scheme i.e **BSC**: Basic Science Course, **IPCC**: Integrated Professional Core Course, **PCC**: Professional Core Course, **AEC** – Ability Enhancement Courses and CIE assessment is different for each type of courses defined by VTU regulations.
 - a. **For PCC type of courses** in a semester Three IA Tests each of 20 Marks (duration 01 hour) will conducted at end of 5th week , 10th week and 15th week of the semester. Two assignments each of 10 Marks. Group discussion/Seminar/quiz any one of three suitably planned to attain the COs and POs for 20 Marks. The sum of three tests, two assignments, and quiz/seminar/group discussion will be out of 100 marks and will be scaled down to 50 marks .
 - b. **For IPCC type of courses in semester**

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi, Govt. of Karnataka.

Approved by AICTE, New Delhi and Accredited by NBA & NAAC

Internal Quality Assurance Cell (IQAC)

CIE for the theory component of IPCC: Two IA each of 20 Marks (duration 01 hour) will be conducted at First IA at the end of 5th week of the semester and Second test at the end of the 10th week of the semester. Two assignments each of 10 Marks. Scaled-down marks of two tests and two assignments added will be CIE marks for the **theory component of IPCC for 30 marks.**

CIE for the practical component of IPCC: On completion of every experiment/program in the laboratory, the students shall be evaluated and marks shall be awarded on the same day. The 15 marks are for conducting the experiment and preparation of the laboratory record, the other 05 marks shall be for the test conducted at the end of the semester. **Marks of all experiments' write-ups are added and scaled down to 15 marks.**

The laboratory test (duration 03 hours) at the end of the 15th week of the semester /after completion of all the experiments (whichever is early) shall be conducted for **50 marks and scaled down to 05 marks.** Scaled-down marks of write-up evaluations and tests added will be CIE marks for the **laboratory component of IPCC for 20 marks.**

The minimum marks to be secured in CIE to appear for SEE shall be the 12 (40% of maximum marks-30) in the theory component and 08 (40% of maximum marks -20) in the practical component.

c. **CIE For Practical/Lab Courses:** CIE marks for the practical course is 50 Marks.

The split-up of CIE marks for record/ journal and test are in the ratio 60:40. Record should contain all the specified experiments in the syllabus and each experiment write-up will be evaluated for 10 marks. Total marks scored by the students are scaled down to 30 marks (60% of maximum marks).

Department shall conduct 02 tests for 100 marks, at end of 8th week and 14th week of the semester. The average of 02 tests is scaled down to **20 marks** (40% of the maximum marks).

3. The schedule of internal assessment (IA) will be communicated by the Dean academics at the start of the semester in the AIT academic calendar of events (COE). Academic schedule is subjected to revision based on the communication from university. Academic schedule must be strictly followed without missing deadline.
4. The portions/syllabus to be covered will be decided at the beginning of the semester for the First test, and similarly the portion for the Second and Third Internal tests soon after the completion of IA-1 and IA-2 respectively.
5. Process for setting/selection of the question paper:

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi, Govt. of Karnataka.

Approved by AICTE, New Delhi and Accredited by NBA & NAAC

Internal Quality Assurance Cell (IQAC)

- IV. For each IA, question papers shall be set for each course by the respective course teacher(s)/coordinator along with scheme of evaluation and solution.
 - V. Once the question paper is prepared, the head of the department or his designated module coordinator will scrutinize the question paper for mapping of Course outcome level, Blooms taxonomy action verbs, grammatical errors, clarity of questions, typeset of questions, feasibility of completing the said question paper within stipulated time etc.,
 - VI. Quality of question paper will be ensured by HOD and module coordinator. After the approval from module coordinator/HOD question paper is handed over to Test coordinator for printing
6. Student Seating plan/arrangement is followed even for internal assessment tests and it is displayed on the notice board along with the internal assessment time table.
 7. A squad consisting of HoDs/senior faculty members of the departments is constituted for smooth conduct of internal examinations.
 8. Principal or dean academics has the right to decide on issues arising at the time of IA test conduction.
 9. After the IA, the course coordinator shall discuss the IA QP along with scheme and solution in the class. Also scheme and solution are shared with students.
 10. The evaluated blue books shall be made available to students to enable students to gauge their performance in the test.
 11. If there is a grievance from the student with regard to the marks awarded, the HOD can get it verified/valued by the second/subject expert to guarantee the justice. A final mark of each test is finally entered to AIT-ERP for further needful.
 12. Within one week of completion of IA, the department IA Coordinator has to submit the IA marks to hod.
 13. The Final CIE marks (IA+ Assignment) uploaded to university web portal.

2022 scheme of VTU under CBCS

In 2022 schemes of VTU under CBCS the weightage on Continuous Internal Evaluation (CIE) and Semester End Exams (SEE) is assigned as 50:50 ratios. The minimum

passing mark for the CIE is 40% of the maximum marks (20 marks out of 50) and for the SEE minimum passing mark is 35% of the maximum marks (18 out of 50 marks).

a. For PCC type of courses Continuous Internal Evaluation:

- There are 25 marks for the CIE's Assignment component and 25 for the Internal Assessment Test component.
- Two IA shall be conducted for 25 marks each. The first IA will be administered after 40-50% of the coverage of the syllabus, and the second IA will be administered after 85-90% of the coverage of the syllabus. The average of the two tests shall be scaled down to 25 marks
- Any two assignment methods mentioned in the 220B2.4, if an assignment is project-based then only one assignment for the course shall be planned. Each assignment shall be conducted for 25 marks. (If two assignments are conducted then the sum of the two assignments shall be scaled down to 25 marks)
- The final CIE marks of the course out of 50 will be the sum of the scale-down marks of tests and assignment/s marks.

b. For IPCC type of courses Continuous Internal Evaluation:

The IPCC means the practical portion integrated with the theory of the course. CIE marks for the theory component are 25 marks and that for the practical component is 25 marks.

CIE for the theory component of the IPCC

- 25 marks for the theory component are split into 15 marks for two Internal Assessment Tests (Two IA, each of 15 Marks with 01-hour duration, are to be conducted) and 10 marks for other assessment methods mentioned in 220B4.2. Scaled-down marks of the sum of two tests and other assessment methods will be CIE marks for the theory component of IPCC (that is for 25 marks).

The student has to secure 40% of 25 marks to qualify in the CIE of the theory component of IPCC.

The first test at the end of 40-50% coverage of the syllabus and the second test after covering 85-90% of the syllabus.

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi, Govt. of Karnataka.

Approved by AICTE, New Delhi and Accredited by NBA & NAAC

Internal Quality Assurance Cell (IQAC)

CIE for the practical component of the IPCC

- 25 marks for practical component of IPCC course are split into 15 marks for the conduction of the experiment and preparation of laboratory record, and 10 marks for the test to be conducted after the completion of all the laboratory sessions.

c. CIE For Practical/Lab Courses:

- CIE marks for the practical course is 50 Marks. The split-up of CIE marks for record/ journal and test are in the ratio 60:40.
- Record should contain all the specified experiments in the syllabus and each experiment write-up will be evaluated for 10 marks. Total marks scored by the students are scaled down to 30 marks (60% of maximum marks).
- Department shall conduct 02 tests for 100 marks, at end of 8th week and 14th week of the semester. The average of 02 tests is scaled down to 20 marks (40% of the maximum marks).
- The CIE marks awarded in the case of the Practical component shall be based on the continuous evaluation of the laboratory report. Each experiment report can be evaluated for 10 marks. Marks of all experiments' write-ups are added and scaled down to 15 marks.
- The laboratory test (duration 02/03 hours) after completion of all the experiments shall be conducted for 50 marks and scaled down to 10 marks.
- Scaled-down marks of write-up evaluations and tests added will be CIE marks for the laboratory component of IPCC for 25 marks.

The student has to secure 40% of 25 marks to qualify in the CIE of the practical component of the IPCC.

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi, Govt. of Karnataka.

Approved by AICTE, New Delhi and Accredited by NBA & NAAC

Internal Quality Assurance Cell (IQAC)

Grievance's Redressal related to Continuous Internal Evaluation (CIE)

In order to make sure the transparency and clarity in the process of assessment of students, the procedure is set to redress the grievances of the students related to examination as follows:

1. If any discrepancy (i.e out of syllabus question, the marks awarded, question not covered etc.) then the student can bring it to the notice of concerned course coordinator/instructor/teacher. The course teacher is expected to address the issues politely as convincingly as possible based on the scheme of evaluation.
2. If the student is not convinced, the issue may be taken to the HOD level. The concerned HOD should call the concerned course teacher for clarification so as to resolve the issue at his level only. If not resolved fruitfully, then HOD can constitute a committee comprising two subject experts to get it valued the blue book(s). Based on the outcome of the committee, the HOD should redress the grievances.
3. Even with all these exercises, the student is not convinced, then it should be referred to the Dean-Academics where the issue will be resolved mostly by taking inputs from course teacher, subject experts committee and HOD. With the appropriate inquiry, the justice will be guaranteed.
4. If the student is not satisfied with the outcome of the Dean-Academics, then he/she can approach the college level grievance Redressal cell.

A. INTERNAL ASSESSMENT AND QUESTION PAPER SETTING

Process Documents for Continuous Internal Assessment at Acharya Institute of Technology.

A. Internal Assessment and Question Paper Setting

Setting a question paper by course coordinator is to evaluate student knowledge with respect to course allotted to him/her. The question paper should allow in assessing the learning outcomes of the course. The document provides information regarding the norms to be adhered while setting the IA Question Paper.

General Information

- Question paper (QP) and the Scheme to be prepared by course coordinator.
- Quality of question papers are checked by respective Module Coordinator and is approved by the Program Coordinator.
- The course co-coordinator ensures to frame questions based on various Blooms Taxonomy levels and is mapped to the Course Outcomes (COs) to assess the student's capability.
- Number of internal assessments is based on the type of the course.

Soladevanahalli, Hesaraghatta Main Road, ACHIT Nagar post, Bangalore-560107, Karnataka, India

<https://ait.ac.in> Ph.: 080 22555555

- The Question paper may have the following structure

- Syllabus coverage for each IA is to be pre-notified to the respective students.
- Syllabus should not be common for any of the IA in order to meet the learning outcomes.

Dear Prof.,

This is to bring to your kind notice that the first IA for 4th sem as per COE is scheduled on 12th,13th,14th June 2024.

With regard to this please note the following:

1. First slot timings: 9.40am to 10.40am
2. Second slot timings: 1.40pm to 2.40pm
3. Biology for Engineers Slot: 13th June afternoon slot
4. UHV: 14th June afternoon slot
5. For the dept with Maths- scheduled on 12th June morning slot. Others can ignore point 5.
6. The timings are to ensure the class rooms are available for the 6th sem regular classes.
7. IA question paper and scheme to be scrutinised by the DAC before print is taken by the test coordinators. Also file a copy of the IA QP and scheme in the dept on regular basis.

Please cascade the information to the faculty and students.

With Regards

Dear Prof.,

Test Co-ordinators-Please note the schedule of the first IA. Please share the timetable, Syllabus Coverage to the students. I am re-iterating- IA question papers and scheme need to be filed in the dept files-both soft copy and hard copy. After every IA the file needs to be updated.

Aside To: Nirmla- It was informed to work on five files per week and ensure the files are updated-both soft copy and hard copy. Every Monday I expect the details, right from this week.

With Regards

Discussion Summary:

	Action/Discussion Points	Responsibility	Timeline
1	Discussion on the 1st year academic calendar Informed all the module coordinators that in consultation with Dean Academics a detailed first year academic calendar is prepared and will be shared with all subject teachers and students. Module coordinators to follow up the TLP activities as per the calendar.	FYC/Module coordinators/subject teachers	Continues process
2	Syllabus coverage for 1st Internals In view of 1 st internals FYC asked all the module coordinators to update the syllabus coverage of their respective subjects. All the module coordinators expressed that 1.5 modules of syllabus covered for 1 st internals. FYC informed Module coordinators to inform course coordinators to 1. Share the syllabus for 1st internals 2. Course materials well in advance with students 3. Before internal doubt clearing session has to be conducted during tutorial classes	FYC/Module coordinators/subject teachers	Continues process
3	Question Paper pattern It was informed to all module coordinators 1. For 4 and 3-credit courses 3 internals has to be conducted for 20 marks each 2. For integrated subjects, 2 assignments of 10 marks each have to be given 3. For other courses, 2 assignments of 20 marks each have to be given 4. For 1 credit courses 2 test of 30 marks, each has to be conducted	Module coordinators/subject teachers	Continues process
4	Question Paper pattern Informed module coordinator to monitor 1. IA question paper and scheme preparation as	Module coordinators/subject teachers	Continues process

B. IA- CONDUCTION, EVALUATION AND RUBRICS

B. IA- Conduction & Evaluation

Introduction

The Assessment Strategy of AIT is outlined in accordance with the vision of Establishment with respect to the administration, to take care all the test related exercises according to the Guideline of Visvesvaraya Technological University, Belagavi for the respective scheme. Evaluation of students learning ought to be a fair and straightforward interaction which follows institution and department guidelines with the goal that students are dealt with consciously and unbiased across the organization. For conducting the internal assessment test, a department level coordinator/committee comprises of HoD, DAC Members and Test Coordinator is constituted for smooth conduction of internal assessment (IA).

Conduction of IA

Components

Frequency of Conduction

Written IA	Refer Table1,2,3 for specific courses
Practical IA	Twice in a Semester
Mini Projects/Final Year Projects	Twice in a Semester
Seminar/Internship	Once in a Semester

Process

1. Three internal assessment tests are conducted each semester at department level inline to the calendar of events of institution (COE).
2. Time table for test is prepared well in advance and communicated to the students through email and notice board of the department.
3. Invigilation duty list has to be prepared by test coordinator based on semester course coordinator availability with the consent of HoD and intimated to respective course coordinator for smooth conduction of IA.

PRINCIPAL

ACHARYA INSTITUTE OF TECHNOLOGY

Affiliated to Visvesvaraya Technological University, Belagavi,
Approved by AICTE, New Delhi, Recognized by Govt. of Karnataka and
Accredited by NBA (AE, BT, CSE, ECE, ME, MT)

4. A proper seating plan is followed for internal assessment tests and it is displayed on the notice board as well as communicated through mail to the respective students by Test Coordinator of the department.
5. IA-QP to be submitted three days before the commencement of the IA.
6. After evaluation of internal assessment (IA) of blue books, the blue books are shown to the students to check any discrepancy or doubt in checking.
 - 6.1 If the obtained marks in all COs $\geq 60\%$, then the student is considered as fast learner and assignment to be framed in such a manner through which candidate knowledge level as well as skill set can be enhanced.
 - 6.2 If the obtained marks in all COs $< 60\%$, then the student is considered as slow learner and assignment based on COs, question bank is given to students.
 - 6.3 If any students are still found weak by following the above process discussed in point no. 6 and 7 then one to one discussion can be done with students by conducting a meeting with HOD, DAC Members and respective course coordinator and further action to be taken.
 - 6.4 If any students come across any doubts, clarification is given by course coordinator to enables them to fare better in future with the consent of DAC Members.
7. By adopting the criteria as per the direction of affiliating university, complete transparency is maintained in internal assessment tests.
8. After preparing the assessments report by course coordinator it is shown to module coordinator and later on infer all the details to the respective department HoD.
9. After every IA course coordinator need to update the IA marks in institute ERP portal withing 5 days of conduction of the respective subject with the consent of HoD.
10. The final internal assessment marks calculated on the basis of attendance, marks of class test and assignment marks, and are uploaded on university ERP at the end of semester.
11. Practical subjects/Mini Projects/Final Year Projects/Seminar/Internship are assessed as

per COs and Rubrics framed through:

- 11.1** For internal assessment of practical, evaluation is based on different parameters like Practical Records, Performance, and Viva-Voce.
- 11.2** Day to day performance of the students is assessed for every experiment/fortnight report which includes regularity, performance, viva, and promptness in submitting the record as per the Rubrics set by respective department.
- 12.** Course Instructor prepare the model solutions with marking scheme and do the evaluation of answer books for the respective subject allotted from the department.
- 13.** The solution of each question is discussed and the evaluated answer books are shown to students to maintain transparency and consistency.
- 14.** Once the students agreed on the awarded marks course coordinator finalized and update in ERP Portal as per the timeline framed from department head.
- 15.** Course end survey which gives a feedback of learning outcomes by students is to be collected after the 3rd IA.
- 16.** The finalized IA is uploaded to university portal in the scheduled duration.

Communication regarding guidelines to students for IA

27/08/2024, 21:00

Acharya Institutes, Soldevanahalli, Bangalore Mail - Guidelines for 1st internal assessment-Reg.

Bcc: hod mech <hod-mech@acharya.ac.in>, hod chemistry <hod-chemistry@acharya.ac.in>, hod ae <hod-ae@acharya.ac.in>, hod bt <hod-bt@acharya.ac.in>, hod eee <hod-eee@acharya.ac.in>, hod maths <hod-maths@acharya.ac.in>, hod physics <hod-physics@acharya.ac.in>, hod ece <hod-ece@acharya.ac.in>, HOD MT <hod-mt@acharya.ac.in>, HOD AI&ML <hod-aiml@acharya.ac.in>, hod cse <hod-cse@acharya.ac.in>, ISE HOD <hod-ise@acharya.ac.in>, hod civil <hod-civil@acharya.ac.in>, Principal Acharya <principal@acharya.ac.in>, Marigowda C K <marigowda@acharya.ac.in>, dean academics <dean_academics@acharya.ac.in>, Dean Examination <dean_examination@acharya.ac.in>

Instructions to be followed during internal assessment by students.

- Report to the examination hall by 9:45 am for the morning session and 1:45 PM for the afternoon session.
 - Note down your classroom number from the room allotment shared to you by first year coordinator.
 - Time slot given for 4 and 3 credit course internal assessments is 70 minutes and for 1 credit course 30 minutes.
- Keep your bags on the dais with mobiles in switched off mode.
- Students should wear the ID cards without fail. Students without ID cards will not be permitted to write exams.
- Students not reporting to the exam hall in time will not be permitted to enter the hall by invigilator.
- Students should follow the guidelines given by the room invigilator and be seated as per the instructions given by invigilator.
- Mobile phones are prohibited in the Examination Hall.
- Every student is informed to bring new blue book for each subject.
- Fill all your details like name, AUID /USN, subject name, subject code in the front page of the BLUE book properly.
- Use only scientific and non-programmable calculators
- Use of other electronic gadgets like Wi-Fi ear phones, speakers, pen drive and smart watches are prohibited.
- Use only **BLACK INK** pens to write answers in the answer booklets.
- Utilize the pages in sequence and do not leave any page blank in-between in the answer books.
- Do not possess any written material (**Chits**) other than the Identity card, otherwise the students will be booked under malpractice (MPC) and not allowed to take up the other subject tests and marks for such students in the IA will be considered as **ZERO** and disciplinary action will be taken by first year coordinator by informing to the parents of such students.
- Do not unnecessarily interact with the neighboring students and do not exchange answer booklets. Do not write the answers on the desks, question paper, hands or at any other places. These are also punishable acts under MPC.

		8.9	91	9	Pass			
(OR)								
8	a.	Consider the below data set where five weeks sales data is given . Apply linear regression and find the best fit model to predict the 7th and 9th month sales.				5M	(CO3)	BL3
		X(week)	Y(sales in thousand)					
		1	1.2					
		2	1.8					
		3	2.6					
		4	3.2					
		5	3.8					

CO1: Illustrate the working of Artificial Intelligence & Machine Learning concepts.

CO2: Demonstrate the concepts of Artificial Neural Network.

CO3: Apply the statistical concepts to solve the problems using Supervised algorithms

CO4: Apply the knowledge of clustering algorithms on various dataset.

Dear Sir/Madam,

With reference to the above subject, the Second IA test for the First year BE 2023-24 batch Odd semester is scheduled from **28-12-2023 to 30-12-2023**. In this regard, I kindly request you to provide the slots for the question paper printing. I have attached the IA schedule for your reference.

With Best regards,

Dr. Mahesh S S (Physics Cycle),

Mob.:9886771045

Dr.Satish K (Chemistry Cycle),

Mob.:9591976939

First Year Coordinator,

Acharya Institute of Technology,

Dear Students,

As part of our commitment to ensuring your academic success, we have organized remedial classes from 18-12-2023 to provide additional support in key areas. Attending these sessions is crucial for reinforcing your understanding of important concepts and enhancing your overall academic performance. We strongly encourage you to make attending remedial classes along with your regular classes a priority. Your active participation and commitment to learning will undoubtedly lead to academic success. If you have any concerns or questions, please don't hesitate to reach out to your mentor, class teacher and first year coordinator office.

Wishing you a successful and rewarding academic journey!

Note:

1. Students whose names are in the attached list should attend the remedial classes without fail

With Best regards,
Dr. Mahesh S S (Physics Cycle),

Dear Students,

With reference to the above subject, I am hereby enclosing a list of students who have scored less than 15 marks in First IA test and time table for the **remedial class which will be effective from 12-06-2024**.

The classes have been mapped in ERP. All students are informed to attend the classes as per the schedule positively.

If any students are not attending the remedial classes, will be not allowed for the semester end examination.

Note: Faculty members will discuss important questions and semester end examination question papers for the current semester.

Utilize the same and improve your academics.

With Best regards,

Dr. Mahesh S S (Physics Cycle),
Mob.:9886771045

Dr.Satish K (Chemistry Cycle),

Report on remedial class for 1st year BE-Biotechnology Students.

Objective:

The primary objective of the remedial class was to identify and address the learning gaps among students, reinforcing fundamental concepts, and preparing them for success in applied chemistry course.

The remedial class curriculum was carefully crafted to revisit foundational concepts and address the identified gaps. Emphasis was placed on providing additional practice opportunities, clarifying doubts, and reinforcing essential skills required for success in applied chemistry.

Interactive teaching methods were employed to enhance student engagement. This included group discussions, problem-solving exercises, and the use of multimedia resources to present complex topics in a more accessible manner. The aim was to accommodate different learning styles and ensure a comprehensive understanding of the subject matter.

The remedial classes were conducted on 19-12-2023 and 26-12-2023. The attendance in the remedial class was consistently monitored, and majority of students enrolled in the class attended regularly. Active participation was encouraged through interactive discussions, and engagement with supplementary learning materials.

Photographs taken during remedial class.

C. ASSIGNMENTS

C. Assignments

Introduction

Assignments forms a component in the CIE which reflects the attainment of the learning outcomes. If project/simulation/MOOC based assignment the questions to be rolled out at the beginning of the semester with the required tools and proper instructions:

1. Course instructor collaborate with module coordinators to prepare the assignments as per COs framed for the respective subject in lined with the blooms taxonomy level as per the coverage of syllabus prior to IA.
2. Assignments are given as home assignment/class assignment/open book assignment based on the syllabus of each course by the course coordinator.
3. Assignments are given to students to help them fulfill the course's objectives and to encourage self-learning. They are designed to assess the students' application- oriented information learned in the appropriate course in lined with PSO, PEO and PO.
4. Student has to submit the assignment within the specified time duration. For frequency of assignment refer to table 1,2,3 of different courses.
5. The marking scheme and the solution is prepared and the assignments are graded accordingly. Along with the evaluation, the concerned person will provide input for any future improvements.
6. The assignment question to be formatted as IA question paper shared through IQAC of the Institute.
7. The assignment can be framed with real world challenges in line to the subject taught and support students to broaden the spectrum of learning. The following categories of assignments are given to the students:

1. Individual assignments
2. Case study related to specific courses
3. Group assignment
4. Mini-project/MOOC
5. Application-oriented assignment with real-time examples.

Table 1. CIE for Program Core Course -PCC

CIE - 50 Marks				
IA	IA 1 - 5 th Week 20 Marks	IA 2 -10 th Week 20 Marks	IA 3 - 15 th Week 20 Marks	IA1+IA2+IA3 = 60 Marks
Assignments	A1 -4 th Week 10 Marks	A2 -9 th Week 10 Marks	A3(Creative Assignment) - 13 th Week 20 Marks	A1+A2+A3= 40 Marks
Total Marks				100 Marks Scaled to 50 Marks
Minimum CIE Marks Required				20 Marks
SEE - 100 Marks Scaled to 50 Marks by University				
Minimum CIE +SEE = 40 Marks

Assignment No :5

Even Sem 2023-24

Sub with Code: Microwave Theory and Antennas (21EC62)

Max Marks: 10

Note: Answer ALL questions.

Semester: VI

Date:22/07/24

Qn No	Question	CO	Marks	BL
1	Determine the directivity of an antenna system with radiation intensity $U=U_m \cos^4 \theta \sin^2 \phi$ where $0 < \theta < \pi/2$ and $0 < \phi < 2\pi$ using i. exact method and ii. approximate method	CO3	05	3
2	Determine the directivity of an antenna system with radiation intensity $U=U_m \sin \theta \sin^2 \phi$ where $0 < \theta < \pi$ and $0 < \phi < \pi$ using i. exact method and ii. approximate method	CO3	05	3
3	Compute the power received by a receiver antenna kept at a distance of 100km by transmitter radiating at 3Mhz. Assume $G_t=40$ and $G_r=15$ and $P_t=1000KW$	CO3	05	3
4	The antenna in the far field receives a power of 15MW placed at a distance of 2Km from the transmitter operating at GHz. If the gain values are 35dB and 25dB for transmitting and receiving antenna respectively with reference to isotropic antenna. Calculate tied power.	CO3	05	3
5	The power density of an antenna is $P(\theta, \phi) = \frac{A_m \sin^2 \theta}{r^2}$ where A_m is the maximum value 'r' is the distance from the antenna to any point 'P' in the far field. Determine i. Exact D, ii. Approximate D, iii. Decibel D.	CO3	05	3

	Course Outcomes
CO 1:	Describe the operation of microwave sources, transmission lines, active and passive devices -L2
CO 2:	Find the electrical parameters in a microwave network using transmission line equations, reflection coefficients-L3
CO3:	Interpret antenna parameters and the relationship between them in Radio communication -L2
CO4:	Derive and compute the radiation intensity and efficiency parameters for point sources, electric dipoles and antenna arrays -L3
CO5:	Discuss the working principle and application of different antenna types such as loops, horn antennas and parabolic reflectors in wireless communication. -L2
CO6:	Infer the transmission characteristics of waveguides and microwave devices such as resonator, coupler and power divider using microwave testbenches-L3.
CO7:	Study and analyze a given antenna with respect to its gain, directivity and aperture.-L3

Rubrics for Continuous Evaluation and Lab Test

1. Record 20 marks - Procedure write up - 4 marks (R1),
Conduction of experiment - 10 marks (R2), Viva - 6 marks (R3)
2. Observation book/Evaluation - 10 marks (R4)

Parameter	POOR	MODERATE	EXCELLENT	POs Mapped	Max. Marks
CO6 (Rubric 1)	Write procedure and observation with errors, not meeting all the given specifications (1 mark).	Write procedure and observation to meet the given specifications with minimal errors (2 marks).	Write procedure and observation to meet the given specifications, without errors (3-4 marks).	1, 12	4
CO6 (Rubric 2)	Conduct/demonstrate the experiment with additional support (1-3 marks).	Conduct/demonstrate the experiment but unable to identify the output/endpoint (4-7 marks).	Conduct/demonstrate the experiment by identifying the output/endpoint without errors (8-10 marks).	1, 7 & 12	10
CO6 (Rubric 3)	Poorly interprets the concepts and tabulate/validate the results (1-2 marks).	Moderately interprets the concepts and tabulate/validate the results (3-4 marks).	Effectively interprets the concepts and tabulate/validate the results (5-6 marks).	1, 2, 6, 7 & 12	6
CO6 (Rubric 4)	Poorly validate the oral and written communication (1-3 marks).	Moderately validate the oral and written communication (4-7 marks).	Effectively validate the oral and written communication (8-10 marks).	1, 2, 6, 7 & 12	10
TOTAL MARKS					30

Regular evaluation marks is 30 and will be reduced to 15 marks.

One practical examination will be conducted for 50 marks and will be reduced to 10 marks.

Lab component marks = Regular evaluation marks (15 M) + Practical examination marks (10 M)

= 25 Marks

[NOTE:-

1. The presentation evaluation of the Phase-2.2 performance of each student in the group will be evaluated by guide & panel member jointly & the marks will be allotted separately by guide and panel member, according to the above prescribed criteria along with their self-intelligence & experience and should be entered in the department provided hard copy and submitted within the scheduled last date.
2. Also the guide and panel member need to enter Phase-2.2 marks in the soft copy excel sheet available with the project coordinators within the scheduled last date.
3. The average of the marks allotted by Guide (for 100marks) & Panel member (for 100marks) will be the final Phase-2.2 presentation marks allotted to the student.
3. This average will be reduced to 50marks by the project coordinators.]
